

Ivy Vacancy Data

Thanks for your interest in Ivy's best-in-industry vacancy data. Here's some information that might interest you!

Availability

Ivy offers vacancy data nationwide, with at least one guaranteed update each month. We currently accept orders for ZIP code lists and county lists. Custom filtered lists are available for a very small premium.

Delivery

Your data is delivered as a CSV spreadsheet and added to your Ivy account as a Batch Order. That means you can interact with and download your data as needed from your account. Your file will be delivered within 24 hours of order confirmation.

What's Included

Each vacancy list comes with all the contact information we can find for each property. That includes phone numbers and emails, plus the property address itself. We also append standard property information, including mortgage/equity information.

Monthly Subscriptions

Automated monthly subscriptions to this information are coming, along with a map search. For now we accept orders by email.

Pricing

All orders have a minimum price of \$300.
